IMAdventist: quick start for club leaders

For club directors, deputies and Area Coordinators · November 2026

Start at events.imsda.org. IMAdventist (Events & Club Ministry) keeps club records and event registrations together. Directors keep their club's information up to date. Area Coordinators review progress and follow up with directors. The roster records who is in the club. An event registration records who is going to one event.

New since October: the system is now called IMAdventist and has a new symbol. The website, the conference office and support@imsda.org are unchanged. Area Coordinators now find every club under **Club coordination**.

Sign in and open your work

1. On the website, choose **Sign in**. Use your account email and password, or **Sign in with a passkey** if you set one up. If a **Security check** box appears and your browser blocks it, choose **Email me a code instead**.
2. On **Confirm it's you**, enter the six-digit code from your authenticator app or a recovery code, or use your passkey. Lost your phone? Choose **Recover two-step sign-in**.
3. **Director or deputy:** choose **My club** (or **My clubs**) in the account menu, then the right club. **Area Coordinator:** choose **Club coordination**.
4. Check the club name and club year at the top before you change anything. Your role decides which tabs appear.

FIRST TIME WITH A CLUB INVITATION?

Use the email address that received the invitation. Already have an account? Sign in to it. New here? Choose **Create an account**, enter your details, then enter the six-digit code we email you. Then accept the club invitation on your account page.

Club pages ask you to turn on **two-step sign-in** once. A passkey (your fingerprint, face or PIN) is marked **Easiest**; an authenticator app also works. Save your recovery codes somewhere safe.

The emailed code confirms your email address. Two-step sign-in protects club records about young people. An Area Coordinator role comes from the conference office.

Club director or deputy: everyday tasks

I need to…	Go here and do this
See what needs attention	**Home.** Check the club year, the year summary and the **Getting started** list. Each step has a **Help guide**.
Add a member	**Roster → Add to roster.** Search first so you don't add someone twice. Enter the details, choose **Add to roster** and check the new row. This does not register anyone for an event.
Correct or remove a member	**Edit** beside the name, then **Save**. **Actions** holds Deactivate and Remove. Remove erases roster details and cannot be undone.
Send a roster to an outside event	**Roster → Export builder.** Pick and order columns, **Preview**, **Download CSV**. Save the layout with a name for next time.
Complete a club form	**Forms. Fill in** yourself, or **Send link** so a parent fills it in. A saved draft is not a submitted form.
Record honors	**Honors. Add** beside a name, or **Add honors to several members**.
Record a meeting	**Monthly Records → Add meeting note.** Enter the date, counts and what you did.
Submit the month's report	**Monthly Records → Open** or **Continue report.** Check the counts, type your full name and the date under **Signature**, then **Submit report**. **Save draft** does not file it. Reports are due the 10th of the next month.
Register for an event	**Club events → Register.** Choose who is going (**Select everyone** or tick people), continue through the details, review, and submit. Check for **Your club is registered** and a confirmation number. A draft or waitlist place is not a confirmed registration.
Record a finished class	**Class tracking.** Select the members, set the date, then **Mark Friend completed** (the button names the class you chose). Then choose **Add to order list** for the suggested insignia, or **Not now**.

I need to…	Go here and do this
Order and hand out items	**Orders.** The order list is a helper, not an official order form; you still order from AdventSource. Keep **supplies on hand** up to date. When you give an item to a member, tick them and choose **Mark handed out**; the app lowers your stock for you.
File the Year-End Report	**Monthly Records** → **Year-End Report** → **Open report.** Most counts fill in from your roster, honors and classes. **Save draft** until ready. It covers May 1 to April 30 and is due April 1. Submitting locks it until conference staff reopen it.

A deputy has the director's tools. A registrar or reporter has fewer, so some tabs may be missing for them.

Area Coordinator: review and follow up

I need to…	Go here and do this
See which clubs need help	**Club coordination** → **Overview. Who's missing what** lists each club that is behind with one next step. The app does not send messages for you.
Find a club	**Overview** → **Clubs at a glance.** Search by club, church or city, then **Open club**. Club pages open **View only**.
Read a Monthly Record	**Monthly Records.** Pick a month. **Submitted** means filed; **Not submitted** means the month ended without a filed record. Open a submitted record to read it.
Understand points	**Points.** Report points plus on-time yearly registration points. The full-year points CSV covers every club.
Check event participation	**Club events.** Each club's status and headcount. Only registered clubs count toward the event total. You can't register a club or change a registration.
Decide a team request	**Team approvals.** Decide adult team members (18 or older) when a club asks.
Read a new-club application	**New clubs.** Read the details. A system administrator approves or declines.
Check waitlists	**Waitlists** (inside Club coordination).

Most coordinator work is view only. The director keeps the roster and club settings, so ask the director for any change.

Everyday habits

- **Leave without saving?** appears if you try to leave a form with changes you haven't saved. Choose **Keep editing** to go back.
- Search boxes filter as you type. Select a column header to sort a table. **Clear filters** shows everything again.
- Status words mean the same thing everywhere: **Draft** is started but not submitted; **Submitted**, **Confirmed**, **Waitlisted** and **Cancelled** are the other common states.

If you need help

- **Forms help** is at the top of every club page. **Help** in the account menu has short guides and **Step by step** guides with a picture of each step.
- **Forgot password?** Choose **Forgot password?** on the sign-in page and follow the emailed code.
- **Club or coordinator tools missing?** Check which email you signed in with. Ask the conference office to check your invitation or role. Please don't create a second account.
- **Something won't save?** Contact support@imsda.org or (515) 223-1197 with the club, the page, what you were trying to do and any message you saw. Leave passwords, codes, private links and health details out of the message.

Before you leave, check that your work saved, then choose **Sign out**, especially on a shared computer.
