The roster holds club members. A registration selects the people attending one event.

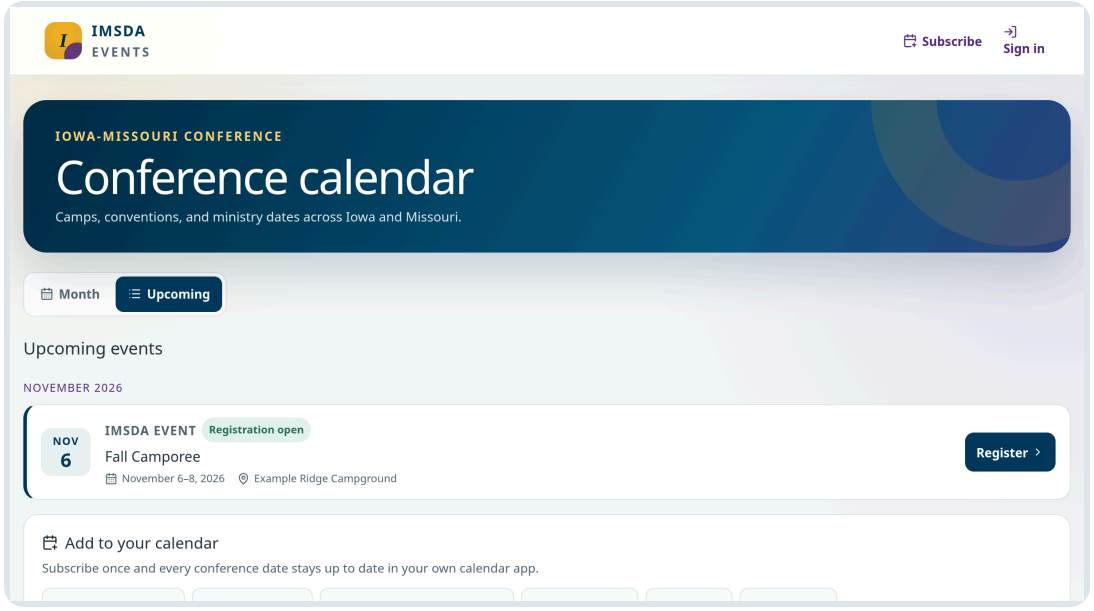

One website, several useful starting points

events.imsda.org

1 Sign in · 2 Manage a club

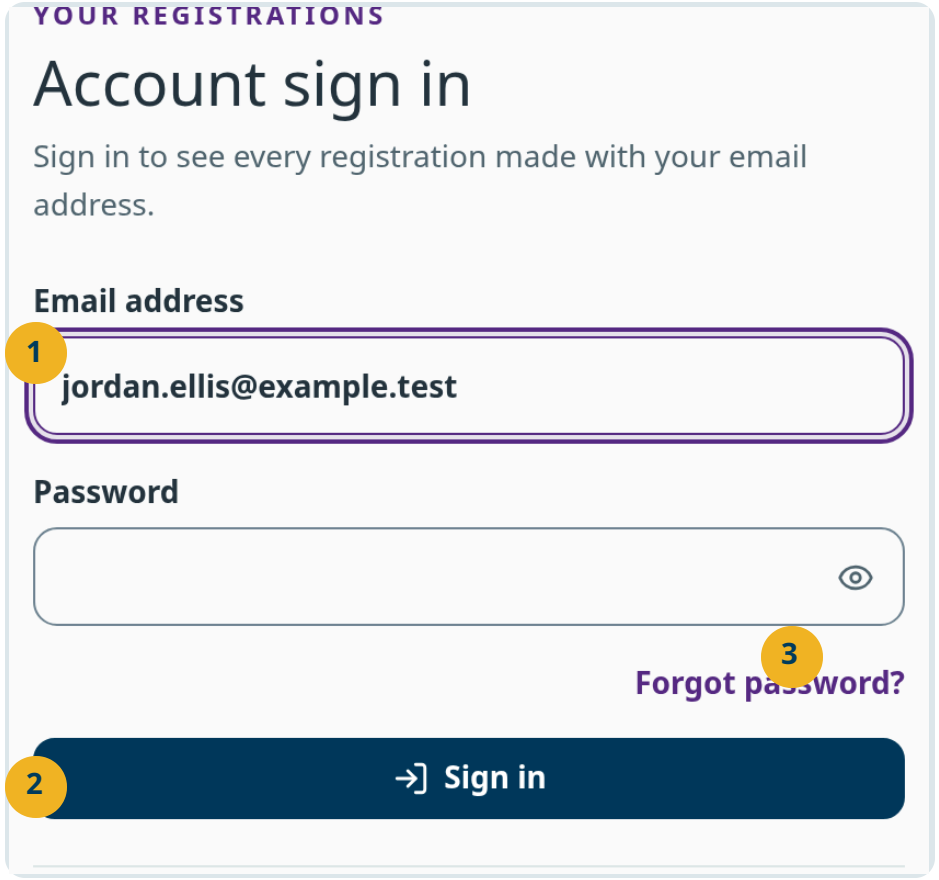

Conference calendar

3 See what is coming up

Start at events.imsda.org. Browse the calendar, find a club, or open your own account.

Use the account you already have

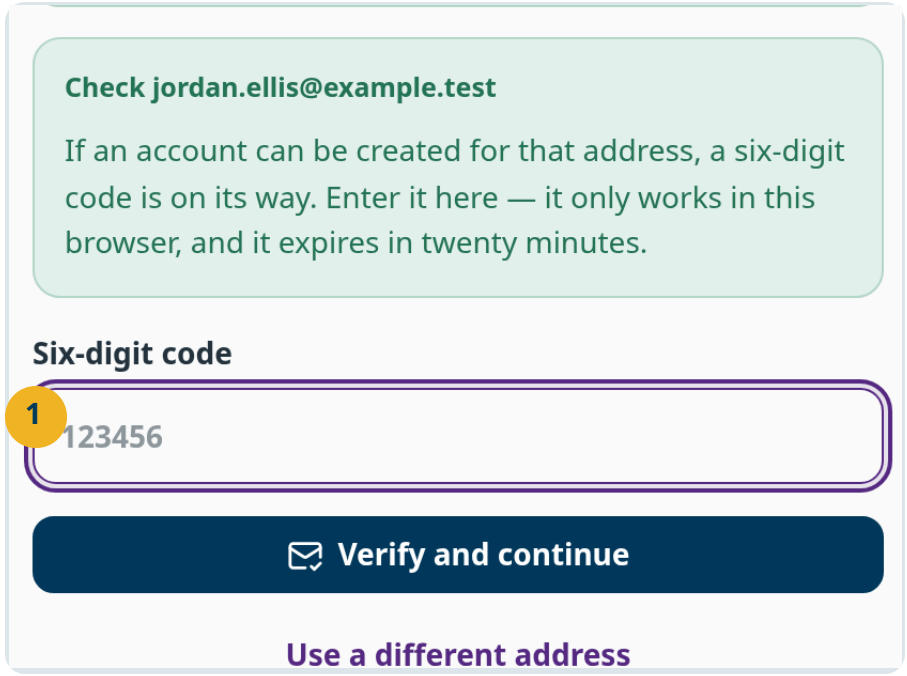

1. **Your account email**
2. **Continue**
3. **Reset a forgotten password**

Use your own email and password. Forgot password? starts the email-code reset process.

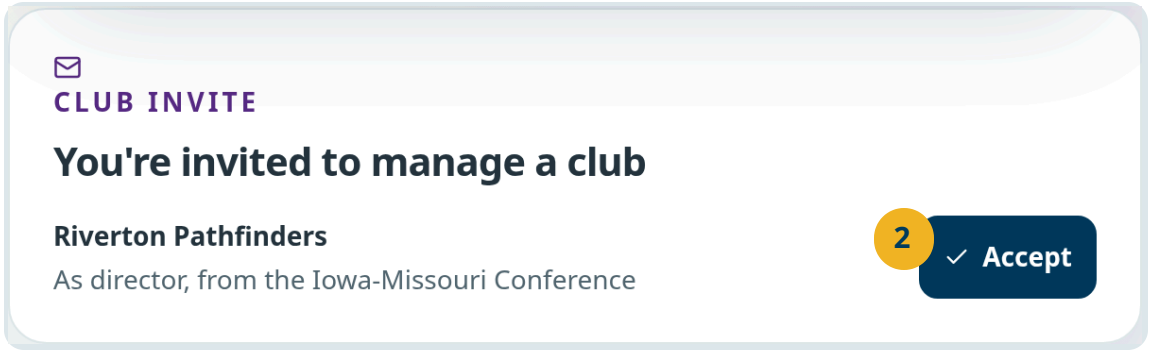

An invitation connects the account to the club

New account · verify your email

1 Keep this browser open

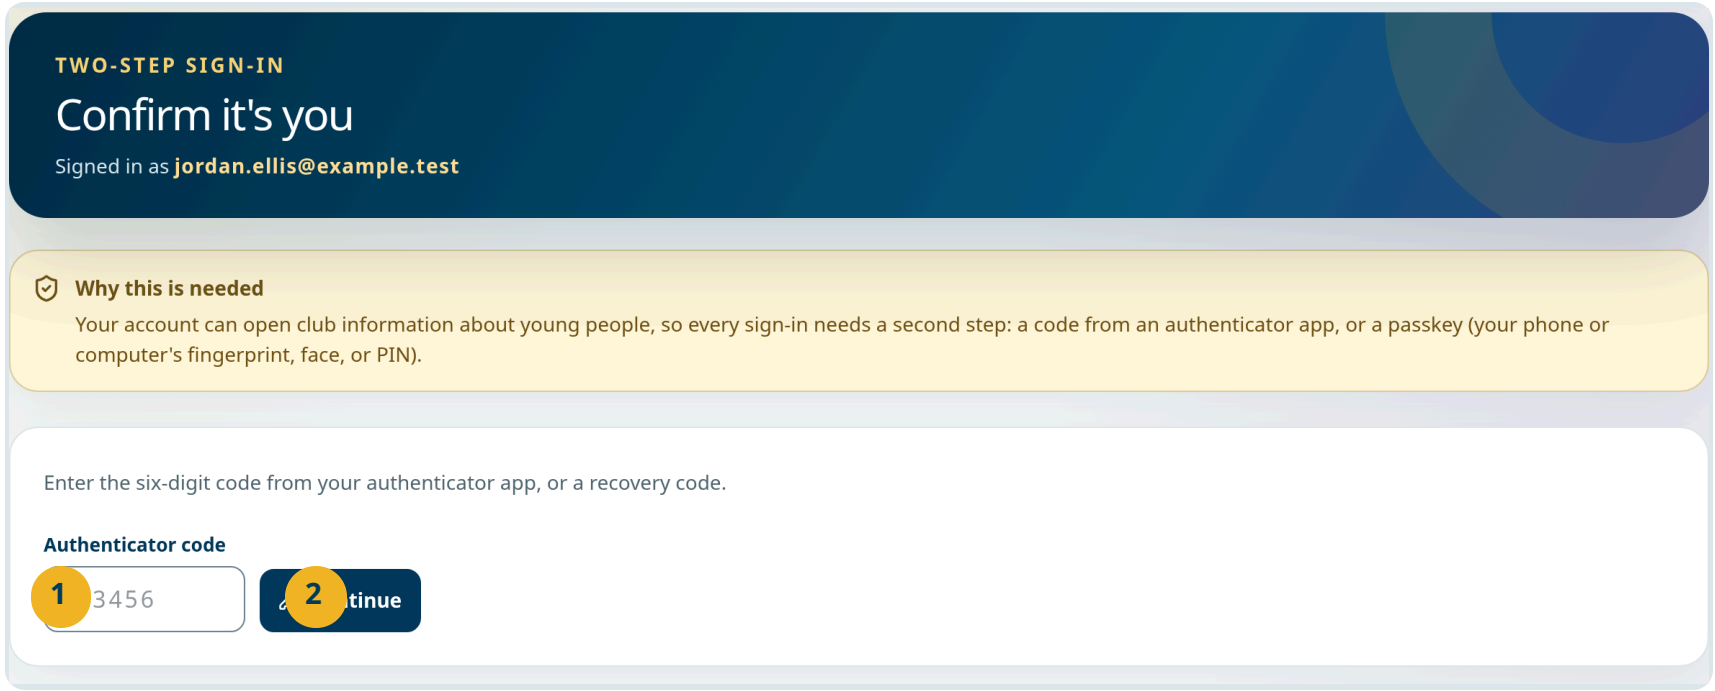

Account Overview · club invitation

2 Check club and role · 3 Connect your account

New here? Create and verify your account. Then Accept the invitation for the correct club and role.

The extra step protects club information

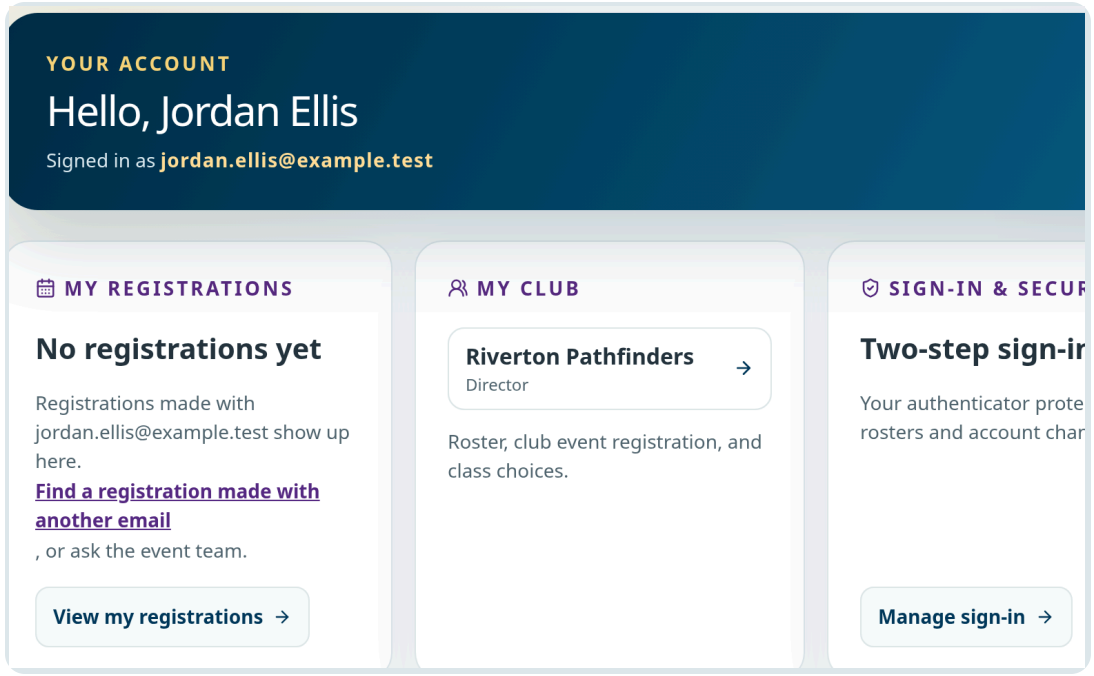

1. **Code from your own app**
2. **Then Continue**

Follow the confirmation screen. Use an authenticator, recovery code or offered passkey. Keep codes private.

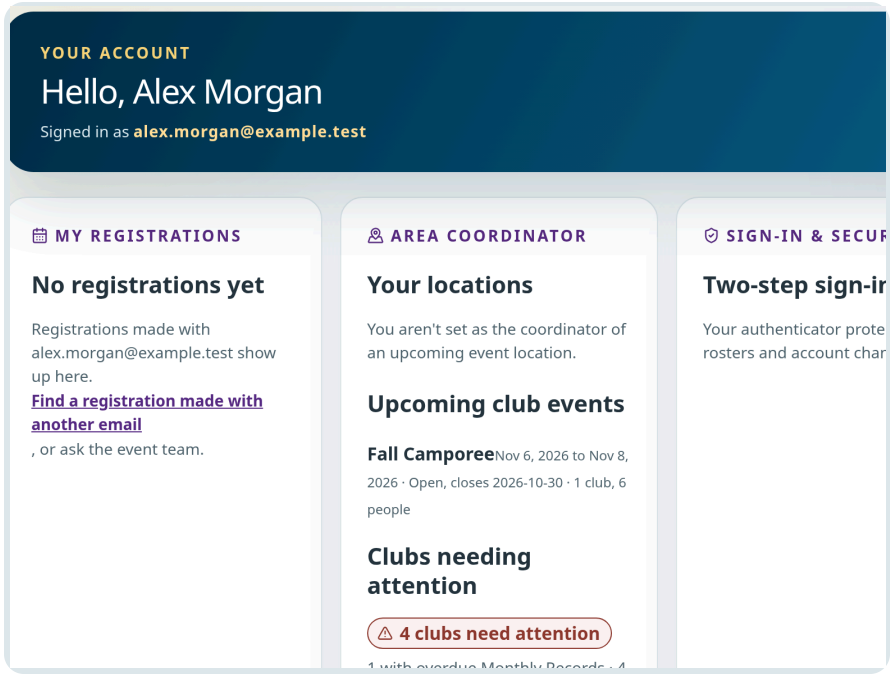

Open the tools for the job you are doing

Jordan · director

1 Club work

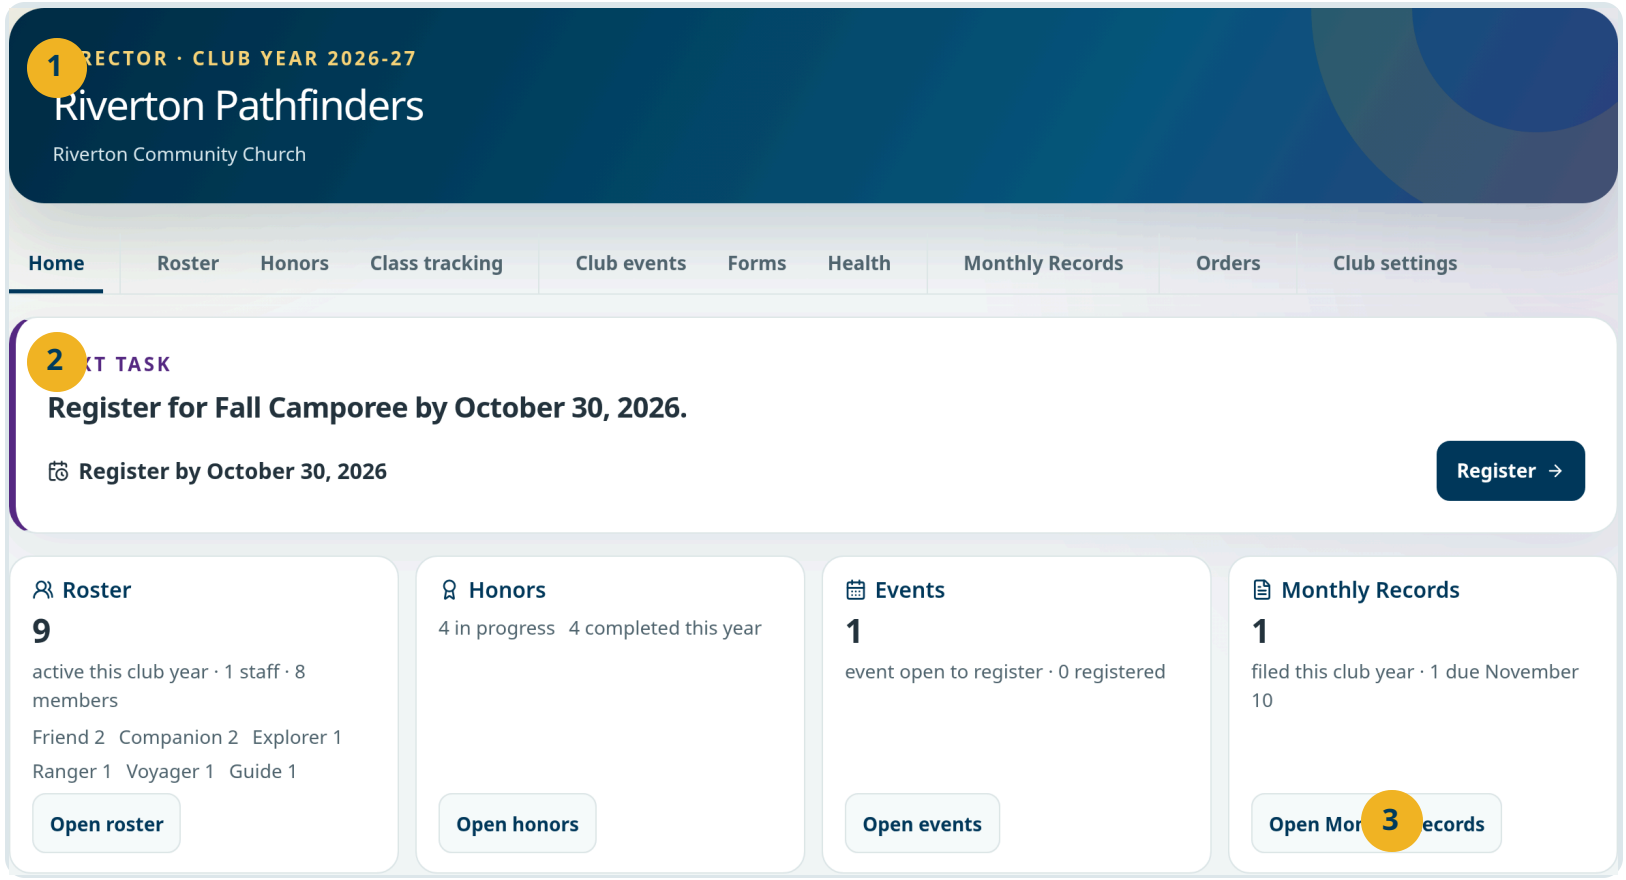

Alex · Area Coordinator

2 Coordinator oversight

Jordan opens My club. Alex opens Clubs overview. The tools follow each person's assigned responsibility.

Jordan starts with the next task

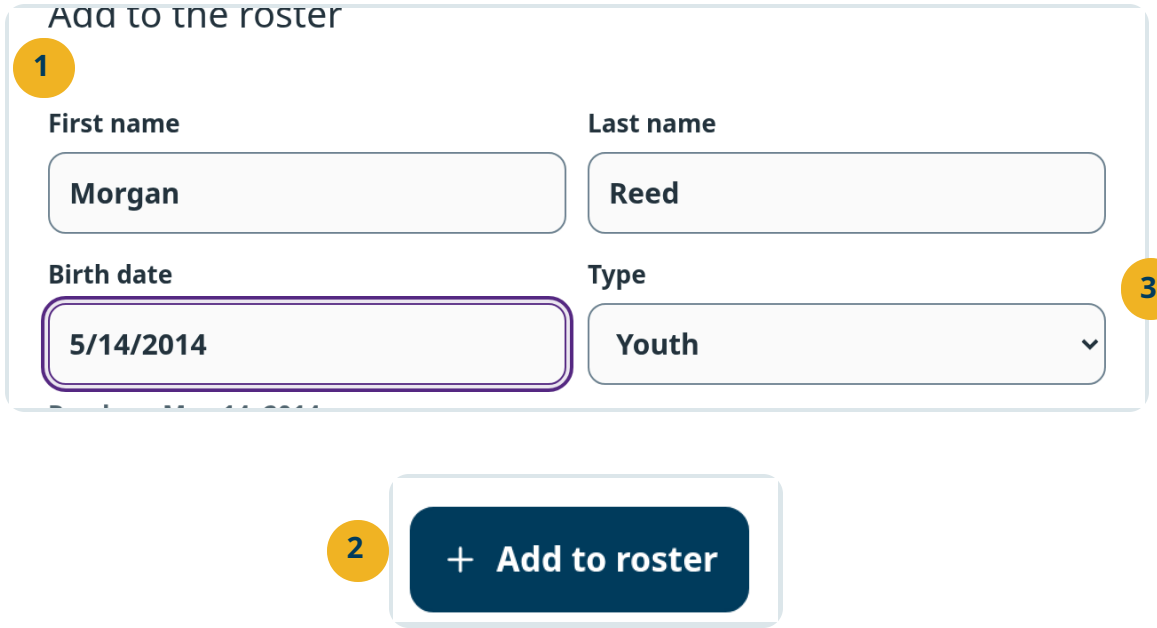

1. **Right club and year**
2. **Start here**
3. **Open the saved work**

Add Morgan once, then check the saved row

Add to roster · fictional member

1 Enter the requested details · 2 Save this member

Morgan Reed is now listed

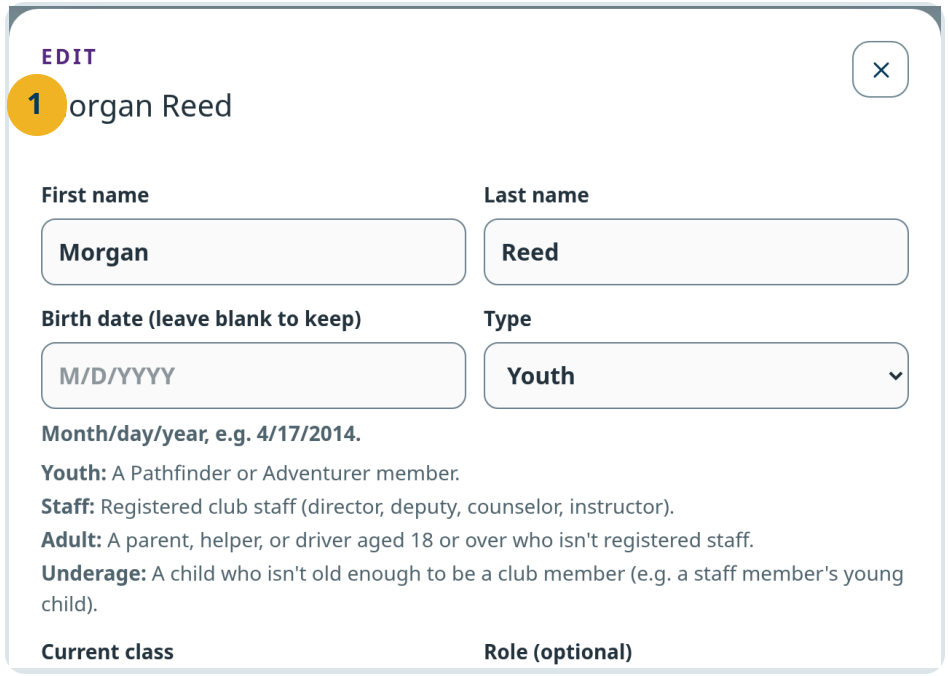

3 Check the result

Check for an existing record. Add to roster saves the member; the new row confirms the result.

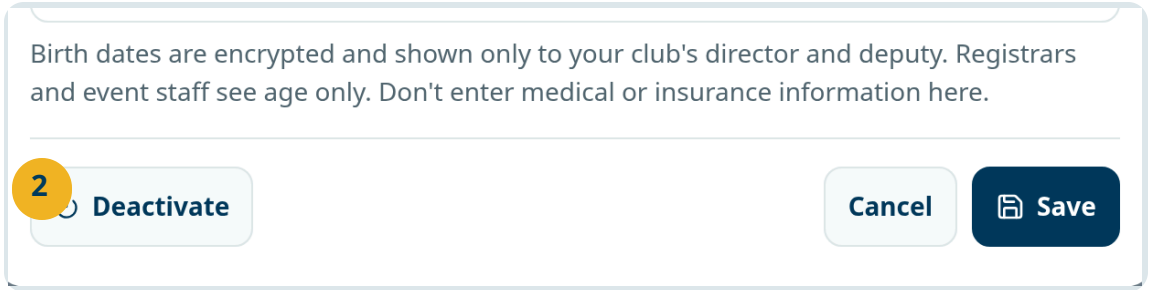

Correct the existing person

Edit · Morgan's existing record

1 Correct this record

Finish · Save or Deactivate

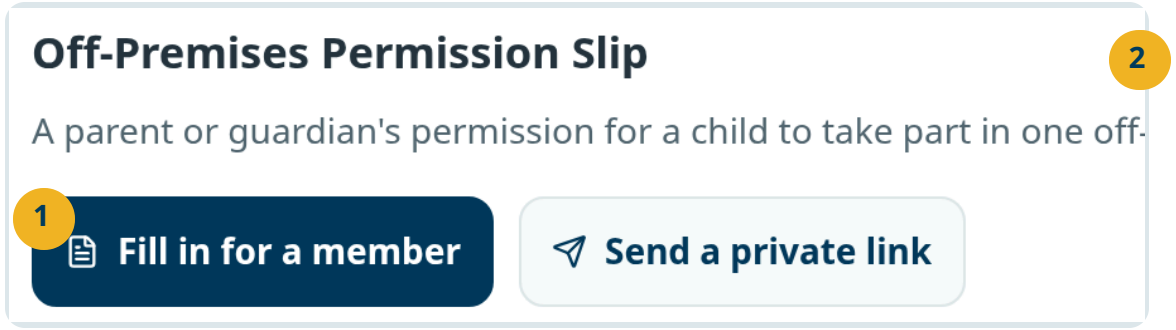

2 Save changes or keep history with Deactivate

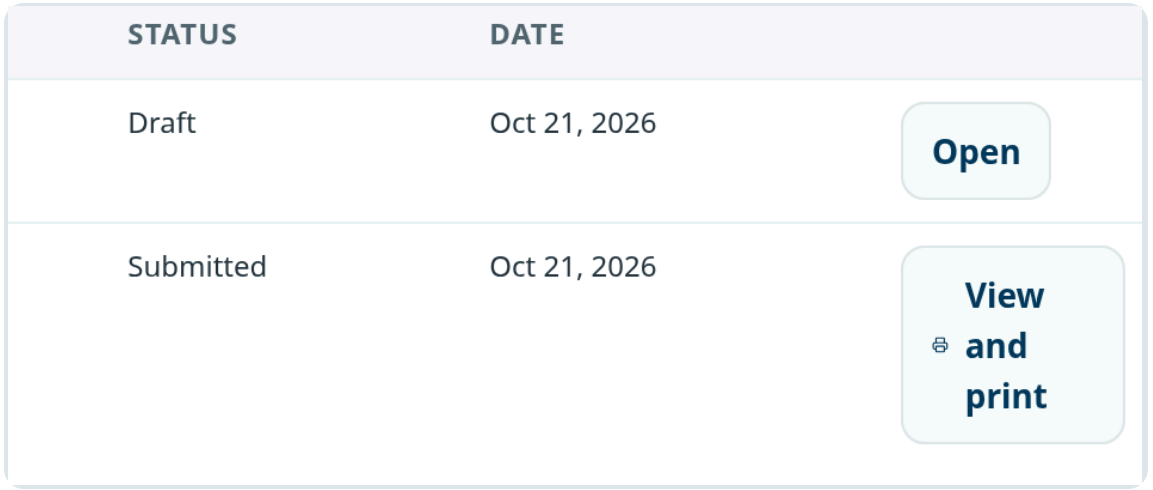

Edit and Save correct a record. Deactivate keeps it on file. Remove erases details and cannot be undone.

A form can be started, sent or submitted

Start · choose the required form

Return · read the saved state

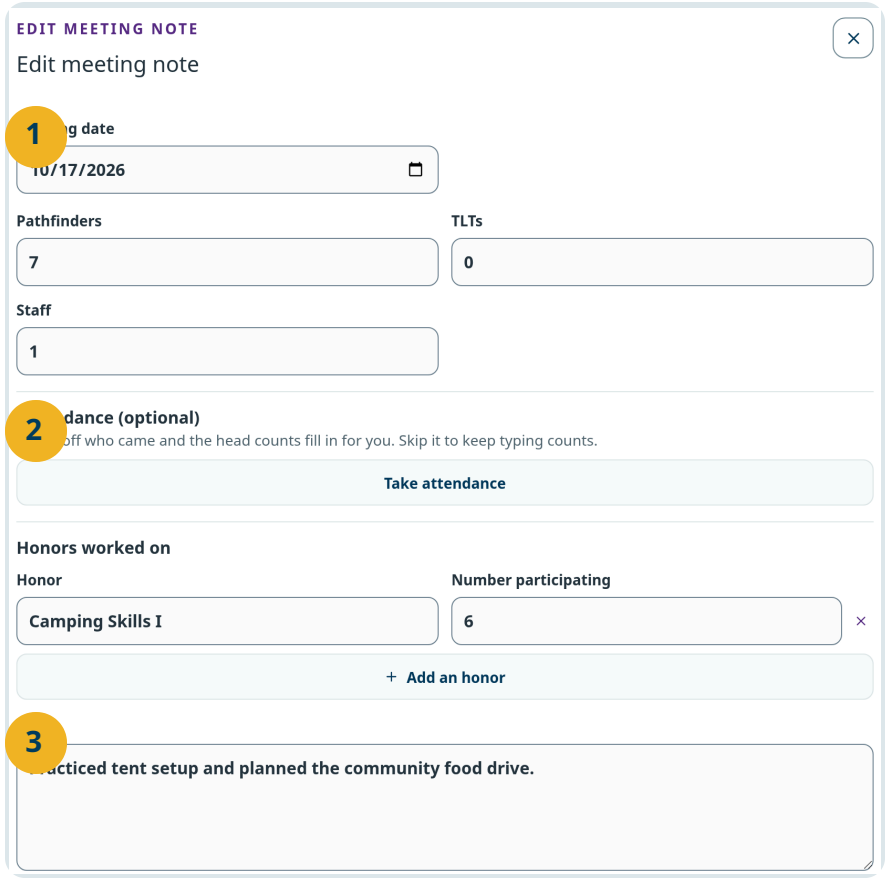

1 Fill in for a member or send a private link

2 Open a draft · View and print a submission

Use an enabled form, then return to Filled forms. Open continues a draft; View and print reads a submission.

Capture the October meeting while it is fresh

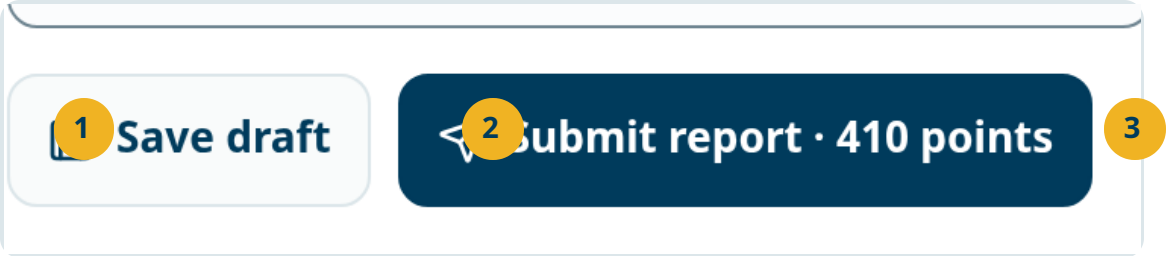

1. **Date and head counts**
2. **Attendance is optional**
3. **Leave a useful note**

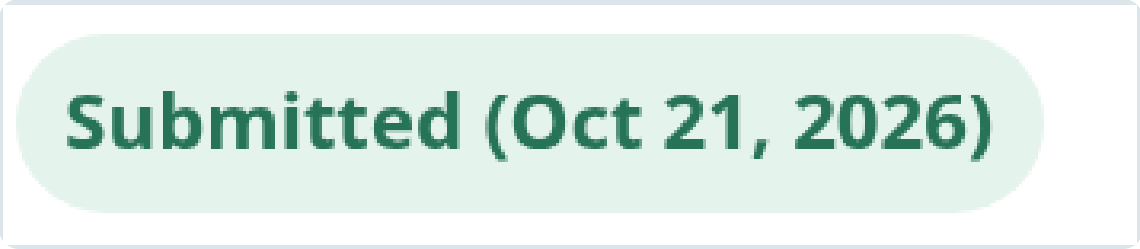

Record the meeting date and counts now. Optional attendance can support the Monthly Record later.

Draft is a stopping point. Submitted is a result.

October · draft still unfinished

October · submitted result

1 Return later if needed · 2 Finish the report

3 Confirm the saved state

Review the month, then Submit report. Save draft keeps unfinished work; it does not send the report.

1. **Year shown**
2. **Reports and last report**
3. **Open before following up**

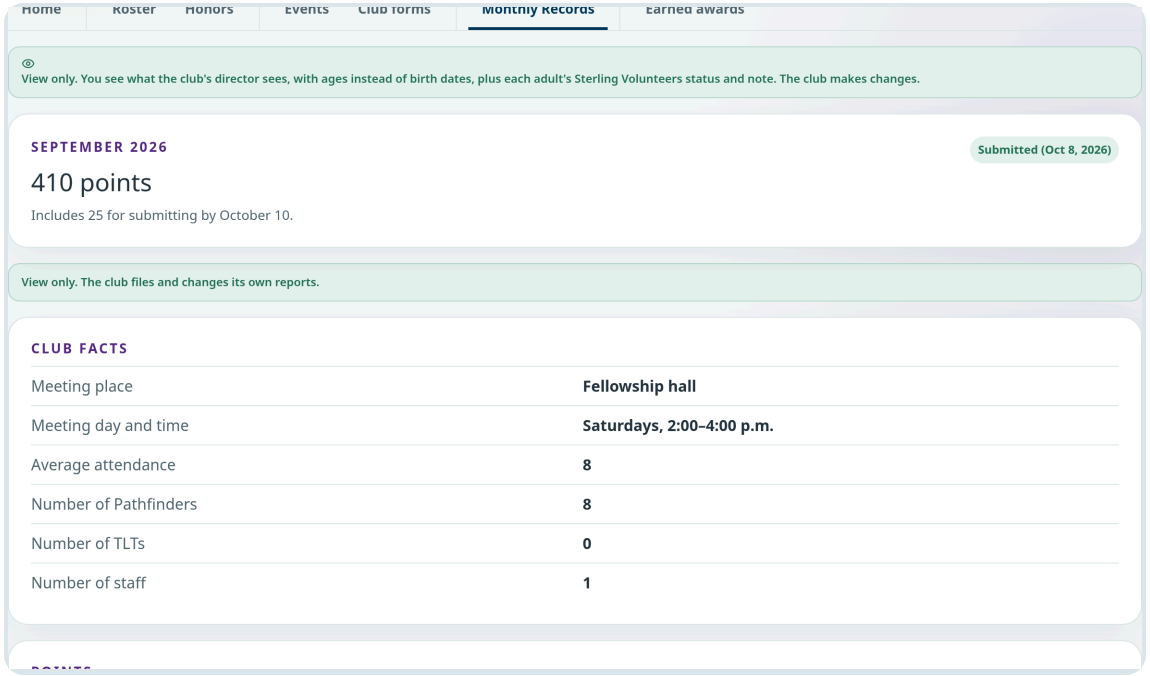

Check the year, compare the summaries, then open the club behind an item needing attention.

Read the status before asking for a report

Monthly Records · compare club/month states

CLUB	SEP	OCT	NO
Cedar Hill Pathfinders Cedar Hill Church	385 late	Due	—
Lakeview Pathfinders Lakeview Community Church	Missing	Due	—
Pine Grove Pathfinders Pine Grove Church	Draft	Due	—
Riverton Pathfinders Riverton Community Church	410	410	—

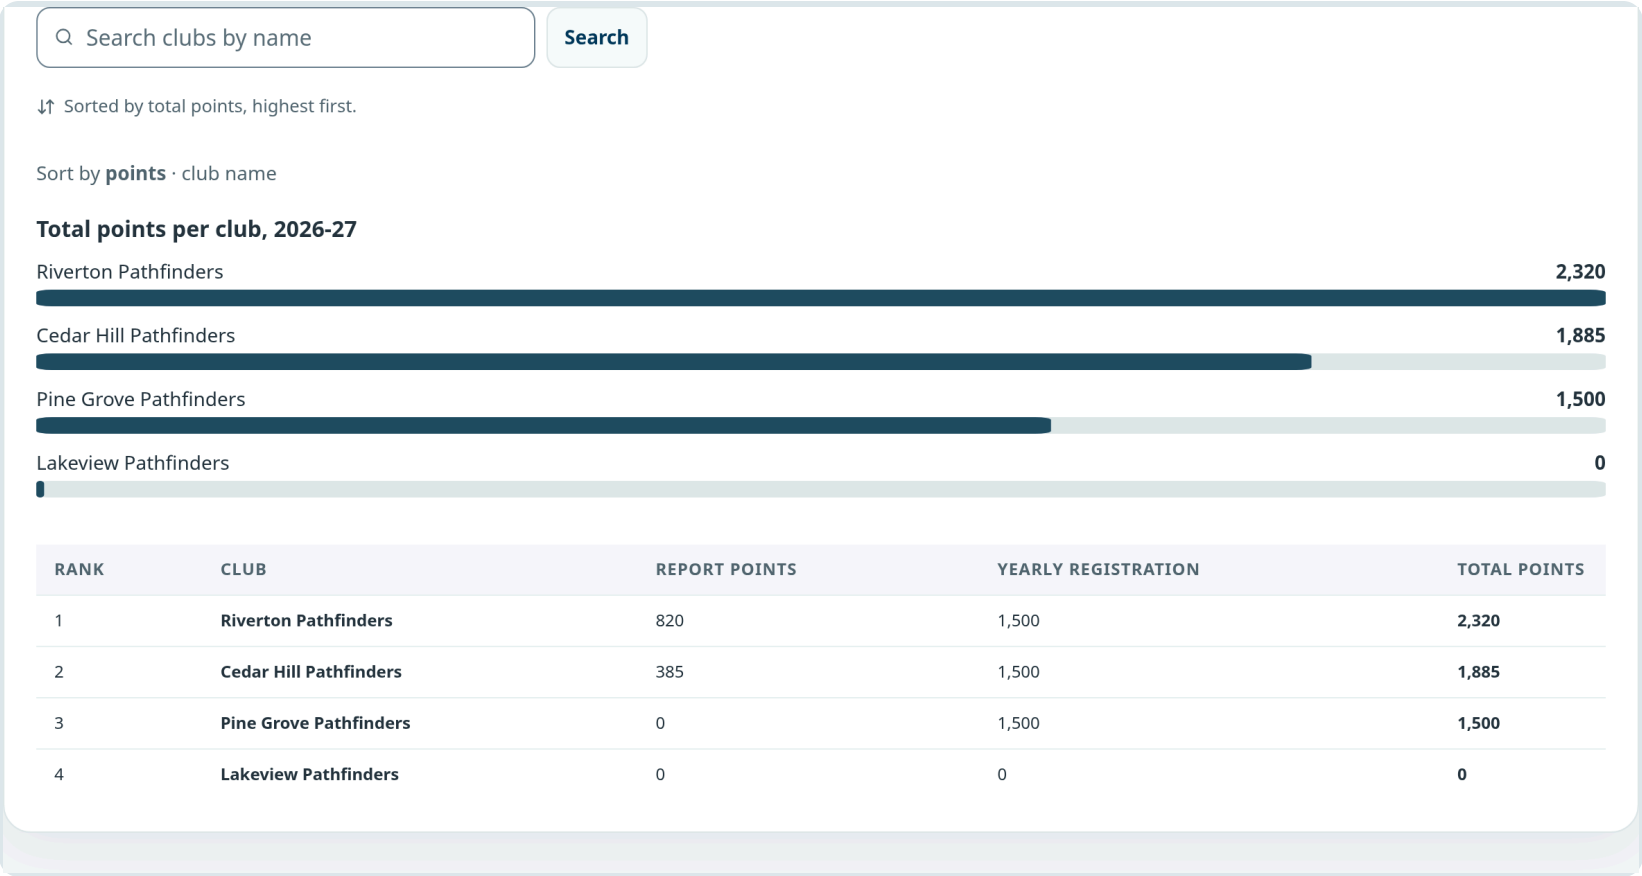

A submitted month · read the saved report

1 Started, not submitted · 2 Check the due month · 3 Read what is already filed

Draft is unfinished. Missing is overdue without submission. A points link opens a submitted report.

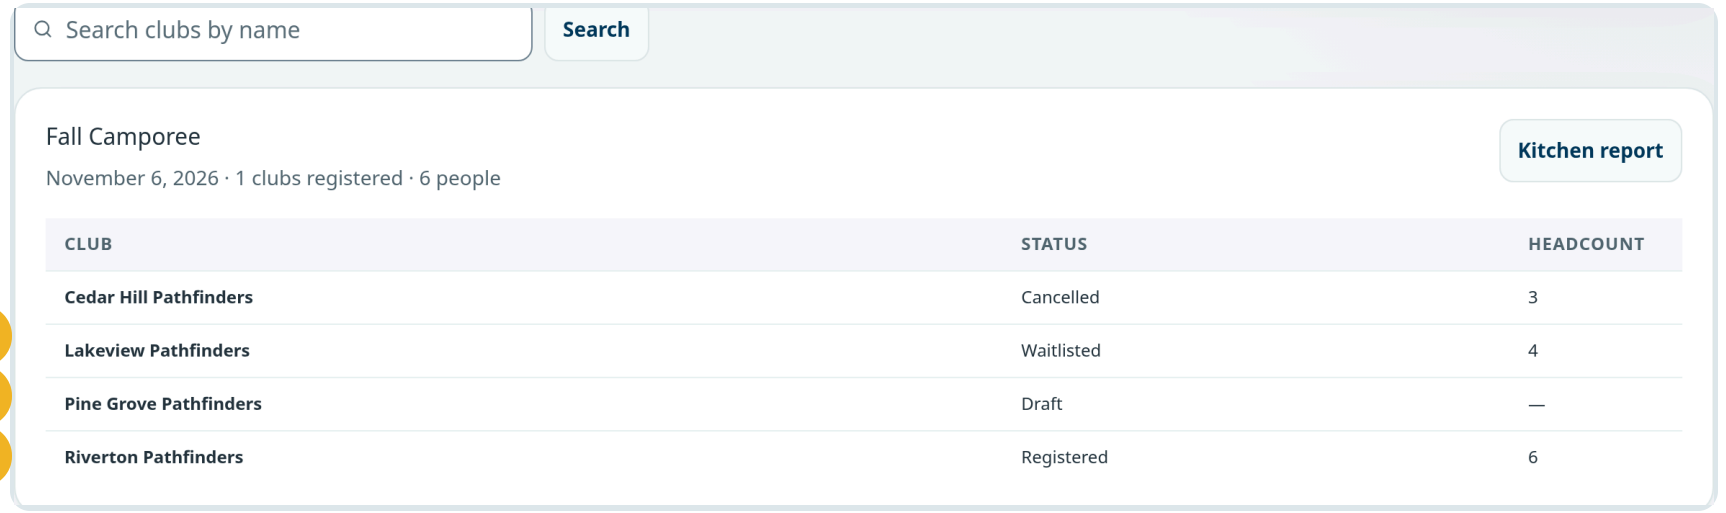

Explain a total rather than guessing

1. **See how totals compare**
2. **Read the components**
3. **Understand the file’s scope**

Check the points components. The CSV includes all authorized clubs for the year.

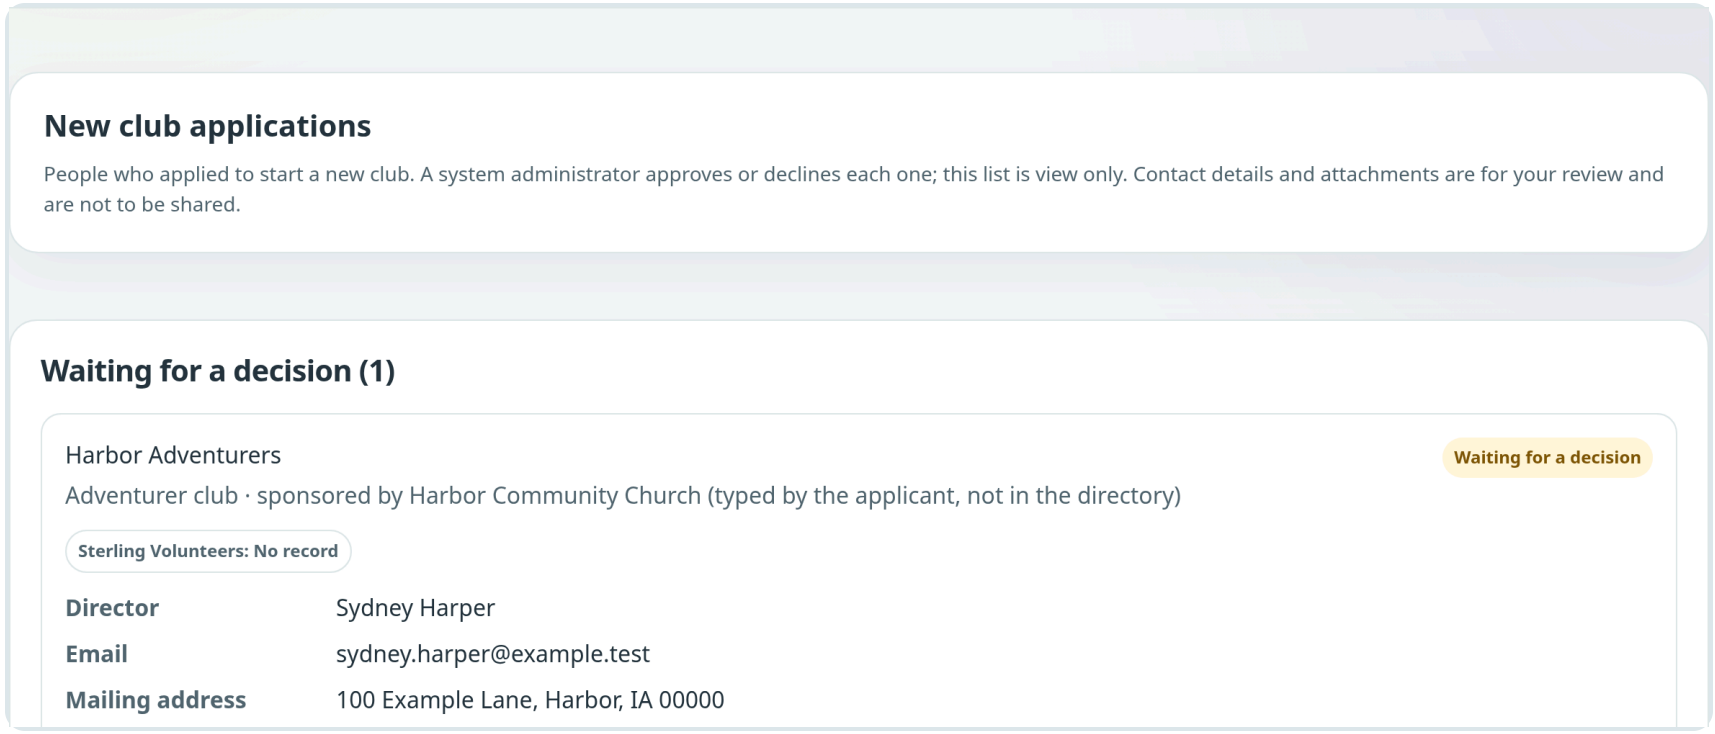

Club membership is not event participation

1. **Riverton: Registered · 6**
2. **Pine Grove: Draft**
3. **Lakeview: Waitlisted · 4**

Read each club’s event status and headcount. Draft, Waitlisted, Cancelled and Registered mean different things.

Read a new-club application without approving it

1. **Read the application**

2. **Approval belongs to the administrator**

New clubs is view only for coordinators. A system administrator makes the application decision.

Make the follow-up specific
